DETAILED ACTION

1. This Office Action is the answer to the Supplemental AMENDMENT filed on 7/30/2007.
2. Claims 1-22 are pending in this application; claims 23-55 were canceled.

Response

3. The examiner respectfully submits that amended independent claims 1, 7, and 14 have 35 USC 112, 1st para. problem.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Independent claims 1, 7, and 14 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. These amended claims contain subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor at the time the application was filed, had possession of the claimed invention. The examiner can not find a support for this limitation in the specification of US Pat. 6,026,372 (in which a re-issuing is applied): “wherein the variable quantity of processed selected food items is updated by a wasted food registration means for any waste food items”.
6. Dependent claims 2-6, 8-13, and 15-22 are rejected because they incorporate same defects from their parent claims.

Conclusion

7. Claims 1-22 are not patentable.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to CUONG H. NGUYEN whose telephone number is 571-272-6759 (email address: cuong.nguyen@uspto.gov). The examiner can normally be reached on 9:30 am - 5:30 pm.
